COURSE DESCRIPTIONS

EDU 500 SECOND LANGUAGE TEACHING AND LEARNING

Over the last twenty-five years, there have been major changes to the theory and practice of second language teaching and learning. These changes have been driven by changes in educational theory, changes in the way we think about language and learning, and the development of an active research agenda which has provided important insights and ideas for classroom practitioners. The purpose of this introductory course is to provide an overview of the field of second language teaching and learning, to identify major trends and issues, and to show where they have come from, to illustrate, in practical ways, how these emerging ideas can be incorporated into the students' own teaching practice, and to provide students with the basic skills and knowledge that will enable them to benefit fully from the rest of the course.

EDU 510 GRAMMAR FOR LANGUAGE TEACHERS

This course introduces students to key grammatical terms and concepts, as well as to techniques and procedures for describing and analyzing texts from a grammatical perspective. It also introduces practical techniques for teaching grammar. The focus of the course will be on techniques for teaching grammar from a functional perspective. This approach shows language learners how to use the grammar that they are learning to communicate effectively. Students will be involved in collecting samples of spoken and written discourse, and using these to develop classroom exercises.

EDU 530 DISCOURSE ANALYSIS FOR LANGUAGE TEACHERS

This course is intended as an accessible introduction to the key concepts of discourse and discourse analysis. It also introduces techniques for teaching discourse in the classroom. Topics covered include the nature of spoken and written discourse, cohesion and coherence, speech act theory, rhetorical analysis, discourse and syntax, discourse in the classroom.

EDU 540 SECOND LANGUAGE ACQUISITION

This is an introductory course in second language acquisition. Topics covered in the course include the scope of SLA research, the history and development of SLA research, interlanguage development, the linguistic environment for SLA, learner variables, instructed second language acquisition, and applications of SLA to pedagogy.

EDU 550 CLASSROOM MANAGEMENT AND OBSERVATION

This course focuses on central issues and concerns relating to the effective management of teaching and learning processes in second and foreign language classrooms. In this course management does not mean the creation of budgets and the creation of time lines, but the creation of a positive pedagogical environment which facilitates learning. The focus of the course is on the professional decisions that teachers must make in order to ensure that learning takes place effectively. Content will include lesson planning; teacher talk, including the effective use of questions, the provision of explanations and the use of feedback; classroom dynamics; instructional groups, small group work, dealing with large classes, one-to-one teaching, and learner-teacher roles; affective issues in the language classroom; and classroom monitoring and evaluation.

EDU 560 SECOND LANGUAGE CLASSROOM RESEARCH

This course is intended as an accessible introduction to the field of second language classroom research. It covers both methodological and substantive issues. At the end of the course, you should have a good idea of the questions and issues that have been investigated in language classroom, and how they have been investigated. You should also have developed practical skills for investigating your own classrooms.

EDU 570 CLASSROOM BASED EDUCATION

The aim of this course is to introduce students to classroom-based evaluation. This is a critically important area for all those involved in curriculum development, program management, and, in fact, any area of educational leadership. The overall goal of the courses is to give students the skills in the design and evaluation of a program of the student's choice.

EDU 580 SECOND LANGUAGE CURRICULUM DEVELOPMENT

The aim of this course is to introduce students to research issues and methods in language acquisition and use, and to familiarize them with recent research in the field. The overall goal of the course is a practical one, that is, to equip students to design, implement and evaluate their own research project.

MESSAGE FROM DAVID NUNAN, PH.D.
PRESIDENT EMERITUS
DESIGNER OF THE MASTER OF ARTS IN TESOL PROGRAM
DIRECTOR OF THE DAVID NUNAN TESOL INSTITUTE

“Welcome to Anaheim University’s Graduate Diploma in TESOL program. Despite the fact that you are studying in very different contexts and situations in many different parts of the world, we aim to give you the same quality of care, concern and support as we would if you were studying in conventional face-to-face mode. I have been involved in directing post-graduate and Certificate programs in applied linguistics and language education in many different parts of the world for over thirty years. However, I have never been involved in better quality programs than these. In addition to their innovative means of delivery, the programs are distinctive in a number of important respects. In the first place, the program offers principled links between theory, research and practice. Procedurally, the material reflects the experiential, task-based philosophy being advocated for the teaching of foreign languages. The medium and the message are therefore in harmony. I look forward to traveling with you on this exciting educational voyage, and trust that you find the programs as rewarding to complete as I found them to create.”

MESSAGE FROM DENISE MURRAY, PH.D. TESOL PROFESSOR

“I am excited to be part of the team of faculty teaching this program because I value distance education, having experienced it firsthand myself. I completed much of my B.A. by distance— although in those days it was totally paper-based. I have been involved in English language education around the globe for more than thirty years, having developed an abiding love of language and its study from a very young age. While languages give us the opportunity to interact with people from different cultures, technology amplifies that opportunity.”

MESSAGE FROM MARYANN CHRISTISON, PH.D. PROFESSOR

“Welcome to Anaheim University. I am so pleased to be a part of the team of TESOL faculty members and so excited to work with you in some of your TESOL classes. Working in an online environment is exciting for me as a teacher because I get to work with you—students and teachers from all over the TESOL world, to learn about the challenges you face in English language teaching, and to work with you in finding solutions. Through this process I advance my own understanding of the world of English language teaching. There is always so much to learn about English language teaching no matter how many years one spends in the classroom. We are involved in a vibrant and expanding profession—expanding in terms of the number of teachers entering the profession and the amount of research about second language acquisition and second language pedagogy that we have available to us. I have been involved in the TESOL profession since 1976 and have worked as a language teacher and a teacher educator in many different contexts. I hope that I can draw on these experiences in my interactions with you to create an online environment that will be not only useful, but also exciting. I want you to feel that you have a community to which you belong. My research interests fall into three general categories—second language teacher development, teacher leadership, and language and the brain”

- *Ph.D. (English/Linguistics) from University of Utah*
- *Past President of TESOL (1997-1998) & Trustee for The International Research Foundation*

MESSAGE FROM ANDY CURTIS, PH.D. PROFESSOR

“At the risk of too many welcomes, I would like to add my own to those of my distinguished colleagues. Although I have more than 20 years of experience in the field of TESOL, I am a new- comer to Anaheim University’s TESOL professorial team, and I am very much looking forward to working with the students, the other professors, and the AU administrative support team, and to teaching and learning online and face-to-face. - *Received the TESOL Leadership Mentoring Award from the TESOL Association*

- *Served as an elected member of the TESOL Board of Directors & numerous TESOL Committees and Task Forces*

MESSAGE FROM KEN BEATTY, PH.D. PROFESSOR

“Consider this: a medical doctor from just 100 years ago would be both completely lost and completely useless in a modern operating room. However, a teacher from 1,000 years ago could probably get by in most modern classrooms. Anaheim University is addressing this by offering innovative programs in TESOL that teach in the ways that students will be taught in the future. Anaheim University offers a clever mix of online resources, lectures, and discussions as well as intensive residential sessions, all with the participation of some of the brightest minds in the field. This combination makes for a great learning experience. As Professor David Nunan’s first PhD student in Hong Kong, I have watched from afar as Anaheim University has grown and prospered. My research area of computer-assisted language learning (CALL) helps me understand the programs’ attractions and, after more than a decade of teaching and writing in Asia, Canada, and the Middle East, I’m proud to join Anaheim University’s growing faculty. I particularly look forward to working with students interested in researching and writing their dissertations in CALL.”

- *PhD, Curriculum Studies, Faculty of Education, The University of Hong Kong, Hong Kong*
- *Taught the last 15 years at universities in the UAE, the People’s Republic of China and Hong Kong*
- *Author/co-author of more than 100 textbooks for Pearson, Longman, Oxford University Press, Thomson, Heinle & Heinle and Hong Kong Educational Press*
- *Involved in electronic media and was Academic Advisor to Hong Kong’s Educational Television from 1998 to 2004.*

MESSAGE FROM MARTHA CLARK CUMMINGS, PH.D. PROFESSOR

“Welcome to this online adventure in teaching and learning. I, too, have been involved in English language teaching and teacher training for over 30 years and have been teaching online since 1999. What I have learned is that there is always more to learn and that online classrooms tend to be places where some of the most whole-hearted learning takes place. My research interests include narrative inquiry in Second Language Acquisition, classroom management, and observation. I look forward to our conversations.”

- *Ph.D. from Teachers College Columbia University.*
- *Professor for online MA TESOL course for the New School Online University and The Monterey Institute of International Studies, as well as ESL courses for the University of Aizu in Aizuwakamatsu, Japan*

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Anaheim University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Graduate Diploma in TESOL you earn in the Anaheim University Graduate School of Education is also at the complete discretion of the institution to which you may seek to transfer. If the credits or diploma that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Anaheim University to determine if your credits or diploma will transfer.

ACCEPTANCE OF CREDITS EARNED AT OTHER INSTITUTIONS

Anaheim University will accept up to two (or three, for a DBA) graduate semester classes or the equivalent in units (6 units for an MBA or ME, 8 units for MA TESOL, MFA or Ed.D, 9 units for a DBA) awarded by another institution toward a Masters or Doctoral degree at Anaheim University. The entering student will be required to clearly demonstrate the equivalency of a transfer course through relevant documents (syllabus, catalog, course outline) and justify its acceptance through petition. No course will be considered for transfer with a grade lower than a “B” or its equivalent. Petitions are directed to the specific Dean or Director for the affected program. There is a fee of \$75 per graduate course, and the overall program cost will be adjusted to reflect credit for the approved class(es). All petitions for transfer credit must be submitted as part of the student’s initial application to the University. Credits awarded as part of another degree will not be accepted for transfer. Anaheim University has not entered into an articulation or transfer agreement with any other college or university.

EXPERIENTIAL CREDIT

Anaheim University will not extend credit for prior experiential learning to any student.

ATTENDANCE

Anaheim University students participate in a weekly discussion forum in which they must contribute regular substantive posts to the discussion questions. In addition, all degree students must participate in the scheduled Real-Time Online Classes for each course. Business courses include two online classes within the six-week term; students are expected to attend both sessions and must make arrangements with the professor for make-up work if they are unable to attend a session. TESOL and MFA degree courses include eight online classes within the nine-week term; students are expected to attend at least six of the sessions. Students are expected to utilize their webcams during their live classes regularly throughout their program. In addition to providing a more interactive learning environment, use of webcams will also allow Anaheim University to complete student identity verification in line with accreditation requirements. Periodically during the program, Anaheim University will request a student to turn on his/her webcam for this purpose. In addition to the assigned course assessments, students are graded on participation in the discussion forum and online classes. A student is considered to have dropped a course if s/he fails to attend classes for a three-week period or fails to submit three consecutive lessons.

SKIPPED TERMS

Students are expected to enroll in a course every time a course that is needed for their program completion is offered. Skipping a term can delay graduation, as the student must wait for the course to be offered again.

- A student who wishes to skip one term must complete the "Registration for Skipping a Term" form, which can be downloaded from the University website.
- A student who wishes to take two consecutive terms off must complete the "Registration for Skipping a Term" form, and they must also complete a "Dean/ Program Director Skipped Term Petition" and received signed permission from the Dean or Program Director. Two non-consecutive terms off requires only a second "Registration for Skipping a Term" form.
- A request for a third (non-consecutive) skipped term requires the student to complete a third "Registration for Skipping a Term" form; complete a "Dean/ Program Director Skipped Term Petition" and receive signed permission from the Dean or Program Director; and schedule a meeting with the Admissions Director to discuss any issues or areas of concern.
- A request for a fourth skipped term requires the student to receive permission from the Vice President of Academic Affairs.

The above policy does not apply to students who are on active military duty or who are an approved Medical Leave of Absence.

MEDICAL LEAVE OF ABSENCE

Students may also petition for a medical leave of absence during their program, which is handled differently than a voluntary leave of absence. The maximum period for a medical leave of absence is ninety (90) days per leave. Students may apply for a maximum of four (4) leaves of absence for medical reasons throughout their degree program. Each leave of absence must be ninety (90) days or less and requires a separate petition which must be approved by the University's administration. Only students in good academic and financial standing will be considered for approval of medical leave. The [Petition for Special Medical Leave of Absence Form](#) can be downloaded from the University website and requires a doctor's signature.

FINAL GRADES

Final Grades are submitted two weeks after the final day of the course. Students are notified of their final grades by email once the grades have been submitted. Students who have been approved for an extension will be notified of their final grades once all terms of the extension have been met.

STUDENT TUITION RECOVERY FUND

It is a state requirement that a student who pays his or her tuition is required to pay a state-imposed assessment for the Student Tuition Recovery Fund (STRF).

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589. To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.

STUDENT CANCELLATION, WITHDRAWAL, AND REFUND RIGHTS

The student has the right to cancel an enrollment agreement in any manner through the first day of the course, or the seventh day after signing

the enrollment agreement, whichever is later (the "Cancellation Period"), and obtain a full refund of all monies paid. Students canceling after the seven-day Cancellation Period will receive a refund of all amounts paid, less the non-refundable registration fee of \$100 and the non-refundable application fee of \$75 (for graduate programs) or \$50 (for undergraduate programs).

The written notice of cancellation may be given by e-mail, fax, or postal service (in which case, the effective date begins when the letter is deposited in the mail properly addressed with postage prepaid). The "Official Notice of Withdrawal" form can be downloaded from the University website.

For the purposes of determining the student's obligation for the time attended, the student will be considered to have withdrawn from the program when any of the following occurs, unless the Dean or Program Director determines a different course of action:

- The student notifies the school of the withdrawal.
- The school terminates the student's enrollment.
- The student fails to attend classes for a three-week period. In this case, the date of withdrawal will be the last date of attendance.
- The student fails to submit three consecutive lessons or fails to submit a completed lesson required for home study or correspondence within 60 days of its due date.
- The student has not responded to communication in any form from the University for four months.

- Students who have been withdrawn from their program for any of the above reasons may be required to submit a new application (and all applicable fees) if they wish to continue. Tuition for all courses is refunded based on the number of weeks completed.

For Courses Lasting from 7 – 10 Weeks	Percentage of Refundable Tuition	Sample Calculation
		Based on \$2,200 tuition for a 7 – 10 Week course
Week 1 (days 0 -7)	100% of tuition refunded	Refund: \$2,200 (100% of \$2,200)
Week 2 (days 8 – 14)	85% of tuition refunded	Refund: \$1,870 (85% of \$2,200)
Week 3 (days 15 – 21)	70% of tuition refunded	Refund: \$1,540 (70% of \$2,200)
Week 4 (days 22 – 28)	55% of tuition refunded	Refund: \$1,120 (55% of \$2,200)
Week 5 (days 29 – 35)	40% of tuition refunded	Refund: \$880 (40% of \$2,200)
Week 6 (days 36 – 42)	20% of tuition refunded	Refund: \$440 (20% of \$2,200)
Weeks 7 - 10	0% of tuition refunded	Refund: \$0

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from the federal financial aid funds. If the student paid for his/her entire program at the time of enrollment and received the 10% tuition discount for payment in full, the regular course tuition will be used in the calculation of the refund since the discount will no longer apply. All monies due the student will be refunded within 30 days of the notice of cancellation.

If the student has been approved for a monthly payment plan, Anaheim University will calculate the total amount of tuition and fees owed to the University based on the number of courses taken, and compare this amount with the total amount the student has paid up to the date of their withdrawal. Any amount paid over the total amount of tuition and fees will be refunded to the student. If there is a balance due, the student will be responsible for the remaining amount.
