Non-Discrimination Admission Practices

Anaheim University observes fully the rights of all applicants and commits no action that would be detrimental to any applicant's opportunity to enroll because of age, religion, disability, ethnic background, national origin, gender, race, sex, sexual orientation, veteran status, color, creed, or any other characteristic protected by applicable law.

Student Acceptance

Students will be notified of their acceptance, provisional acceptance, or denial via email from Student Services after all application evaluations have been completed.

Enrollment and Program Commencement

Applicants who wish to become an enrolled student must commence their academic program within 2 terms from the time of enrollment in order to keep their status as an enrolled student. Students who do not begin their program within 2 terms, may lose their status as an enrolled student. Students who do not keep their status as an enrolled student but wish to begin their studies at a later date, are subject to going through the application process from the beginning, and will be subject to the policies, procedures and tuition fees in effect at that time.

Satisfactory Academic Progress and Graduation Requirements

Anaheim University has prescribed Satisfactory Academic Progress and Graduation Requirements for each of its degree programs. Please check each individual catalog for clarity on the requirements.

Graduate students must maintain a 3.0 grade point average (GPA) throughout their studies at Anaheim University in order to graduate from the program. Any student whose GPA falls below a 3.0 will be put on Academic Probation and given two terms to bring his/her GPA back to a 3.0 level. A student is subject to academic disqualification if his/her cumulative GPA remains below a 3.0 for two consecutive semesters. A student may appeal this situation to the appropriate Dean or Program Director for reinstatement. Should the Dean or Program Director place a student on academic probation, the student must abide by all deadlines set forth at that time.

Graduate students who earn a grade lower than an 80% (a "C," "D," or "F") on any given course must repeat the course. Graduates must complete an end-of-program survey and fulfill all financial obligations to the school before their diploma and transcripts can be released to them. Students in the undergraduate certificate programs must receive a minimum of 70% in order to earn a certificate. Students who earn less than 70% must retake the certificate course.

Students must complete their programs within the maximum allotted time. Ed.D. and DBA students have a maximum allotted time of 5 years to complete their programs; MFA students have a maximum allotted time of 4 years to complete their programs; MA, MBA and ME students have a maximum allotted time of 3 years; Graduate Diploma and Graduate Certificate in TESOL students have a maximum allotted time of 2.5 years; Graduate Diploma in International Business and Sustainable Management students have a maximum allotted time of 2 years; Graduate Certificate in International Business and Sustainable Management students have a maximum allotted time of 1 year. Students who have not completed their programs within the maximum allotted time are subject to academic dismissal. Students who need additional time must receive permission from the Program Director, the Office of the Registrar, and the Office of Financial Affairs.

Continuous Enrollment

All degree, diploma, and certificate students are required to keep active status from the date of commencement of their first course through the final course in their program by being enrolled and meeting all academic requirements, and financial obligations. Students are required to enroll in a course every time a course that is needed for their program completion is offered. Students completing theses, research portfolios, final capstone projects, or dissertations must remain enrolled each term until their program requirements have been completed in their entirety and they have received final written approval on the completion of their thesis, research portfolio, final capstone project, or dissertation. Any student who discontinues their studies with the University for 1 or more terms may be dismissed from their program. Students who have been dismissed from a program and wish to resume their studies at a later date must re-apply for admission to the program.

Prior enrollment does not guarantee acceptance to any program and will require permission from the Office of Academic Affairs, the Registrar's Office, and the Office of Financial Affairs. Students re-enrolling will go through the entire enrollment process again and may be subject to new entrance, financial and academic requirements as well as a review of their progress to date. Enrollment limitations as well as new policies and procedures could result in the student not being accepted, or affect the length and cost of the program. The above policy does not apply to students who are on active military duty or who are on approved Medical Leave of Absence. Students on active military duty who have to temporarily suspend their studies due to service requirements will not incur any financial penalties during their leave or upon their return. Students who are deployed during their program will need to provide Student Services with a confirmation of their deployment and their planned return date. If students need to take a short-term leave due to service requirements during a course, they should contact their course professor and Student Services for appropriate accommodations.

Petition for Medical Leave of Absence

The Petition for Medical Leave form must be submitted within 30 days from the start of the course for which the medical leave is being applied. The maximum period of a leave of absence is one (1) term per leave. Students may apply for a maximum of four (4) leaves of absence for medical reasons throughout their degree program, and students in non-degree programs may apply for a maximum of one (1) leave of absence for medical reasons. Each leave of absence equals one (1) term and requires a separate petition which must be approved by the University's administration. Only students in good academic and financial standing will be considered for approval of leave. Medical issues requiring more than four (4) leaves of absence must be approved in writing by the university's administration. Students taking a medical leave of absence during the dissertation, thesis, research portfolio, or capstone project phase, will not have access to advisor/professor resources until they resume their studies. Program structure and requirements for completion are subject to change during the period of medical leave. The Petition for Medical Leave of Absence Form can be downloaded from the University website and requires a licensed physician's signature.

AU Policies and Procedures

Graduation with Honors

Students graduating with a GPA of 3.50 and above will graduate with honors as follows:

3.95 to 4.00	Summa Cum Laude
3.80 to 3.94	Magna Cum Laude
3.50 to 3.79	Cum Laude

Grading Structure

The grading structure for each TESOL, International Business, Sustainable Management, Entrepreneurship and film course varies by course and is listed within the online course guide for each course.

Late Assignments

Late assignments will be downgraded a minimum of 10 percent. Individual instructors are authorized to downgrade assignments up to 100 percent after the second week. In exceptional circumstances, students may apply for an extension to the Dean or Program Director.

Retake policy

A student will be allowed to retake a course once in order to improve the grade. All retakes require the permission of the appropriate Dean or Program Director. The higher grade will be used to calculate the GPA, and the credits for the course will be counted only once toward graduation requirements. All courses are subject to their current fees at the time of the retake. Students may retake up to 3 courses (12 units) in the Doctor of Education (Ed.D) or Master of Arts (MA) in TESOL programs; 2 courses (8 units) in the Graduate Diploma in TESOL program; and 1 course in the Graduate TESOL Certificate or Undergraduate TESOL program. Students may retake up to 3 courses (9 units) in the DBA in International Business, DBA in Sustainable Management, DBA in Entrepreneurship, DBA in Management, MBA in International Business, MBA in Sustainable Management, or Master of Entrepreneurship programs; 2 courses (6 units) in the Graduate Diploma in International Business or Sustainable Management programs; and 1 course (3 units) in the Certificate in International Business or Sustainable Management programs. Students may retake up to 3 courses (12 units) in the Master of Fine Arts (MFA) in Digital Filmmaking program.

Cheating, Plagiarism, and Falsification of Records

Cheating is an act of obtaining or attempting to obtain credit for work by the use of dishonest, deceptive or fraudulent means. Plagiarism is the act of taking ideas, words, or specific substance of another and offering them as one's own, and falsification of records is a misrepresentation of statements in submitted records. Students accused of cheating or plagiarism are entitled to and may petition the Dean or Program Director of the disciplinary unit for due process and review by an appropriate forum. Discovery of falsifying records is grounds for immediate dismissal and forfeiture of all financial payments and academic credits. It is the responsibility of each professor to determine whether students are doing their own work.

Academic Integrity, TurnItIn and APA Format

Academic integrity extends beyond the avoidance of cheating, requiring not only the acknowledgment of other people's ideas, but also the synthesis of these ideas into the student's own original thought and generally striving to be an ethical member of the wider academic community. To clarify any questions about Anaheim's integrity policy or APA format requirements, students are asked to watch three basic tutorials on both of these topics, followed by a short quiz. If students do not receive an 80% or better on the quiz, they will need to review the tutorials and then retake the quiz. Students must pass this quiz before beginning their first course. Anaheim University follows strict guidelines on the penalties for academic misconduct, and these penalties may even apply if the student didn't know that his/her actions were wrong, so the tutorials are very important.

Anaheim University also employs TurnItIn (a plagiarism detection service) to check submitted work. After students submit a paper, Turnitin will highlight that paper's similarities to that of other internet, academic, and student paper content (the percentage does not include correctly-cited references). It may take up to 5 minutes for Turnitin to generate a report, and the professor will be able to see this report as well.

A first-time, naive offender who needs more academic training in this area will be required to take a free, 20-hour course on APA format, plagiarism, and research paper writing. Upon completion of this course with an 80% or better, the student will be permitted to rewrite the research paper in question as part of a vital learning experience.

The penalty for deliberate plagiarism is more serious. Deliberate acts of academic dishonesty are recorded on the Master Student List and noted in the student's physical file, and these records are kept in perpetuity. Anaheim does recognize that this information is confidential, and access to this information is limited to staff authorized to view it. Penalties for a second offense will be more severe, even if the second offense might otherwise be judged as minor. The following policy is in place regarding the awarding of credits for students who are found to be in violation of the academic honesty policy:

Students who are found to have committed deliberate plagiarism will receive scores of "0" on all individual assignments in violation of academic honesty. Students will be assigned a grade of "F" and receive no credit for courses in which they have committed deliberate plagiarism. Students who have been dismissed from the University as a result of academic dishonesty will receive no credit for the courses in which they committed the violation.

Credits previously earned by students prior to violations are reviewed and awarded to the students if no act of dishonesty occurred.

Transfer Credits

Anaheim University will accept up to two (or three, for a DBA) graduate semester classes or the equivalent in units (6 units for an MBA or ME, 8 units for MA TESOL, MFA or Ed.D, 9 units for a DBA) awarded by another institution toward a Masters or Doctoral degree at Anaheim University. The entering student will be required to clearly demonstrate the equivalency of a transfer course through relevant documents (syllabus, catalog, course outline) and justify its acceptance through petition. No course will be considered for transfer with a grade lower than a "B" or its equivalent. Petitions are directed to the specific Dean or Director for the affected program. There is a fee of \$75 per graduate course, and the overall program cost will be adjusted to reflect credit for the approved class(es). All petitions for transfer credit must be submitted as part of the student's initial application to the University. Credits awarded as part of another degree will not be accepted for transfer. Anaheim University has not entered into an articulation or transfer agreement with any other college or university.

Acceptance of Credits Earned at Other Institutions

Anaheim University will accept up to two (or three, for a DBA) graduate semester classes or the equivalent in units (6 units for an MBA or ME, 8 units for MA TESOL, MFA or Ed.D, 9 units for a DBA) awarded by another institution toward a Masters or Doctoral degree at Anaheim University. The entering student will be required to clearly demonstrate the equivalency of a transfer course through relevant documents (syllabus, catalog, course outline) and justify its acceptance through petition. No course will be considered for transfer with a grade lower than a "B" or its equivalent. Petitions are directed to the specific Dean or Director for the affected program.

There is a fee of \$75 per graduate course, and the overall program cost will be adjusted to reflect credit for the approved class(es). All petitions for transfer credit must be submitted as part of the student's initial application to the University. Credits awarded as part of another degree will not be accepted for transfer. Anaheim University has not entered into an articulation or transfer agreement with any other college or university.

Experiential Credit

Anaheim University will not extend credit for prior experiential learning to any student.

State Licensure

The programs at Anaheim University are not designed to lead to positions requiring licensure in this state.

Academic Probation

In all classes taken at Anaheim University and in all transferable courses from other colleges and universities, the University expects students to maintain at least a 3.0 GPA. A student is subject to academic disqualification if his/her overall cumulative GPA or their Anaheim University cumulative GPA remains below 3.0 for two consecutive semesters. A student may appeal this situation to the appropriate Dean or Program Director for reinstatement. Current University policy states that if a student is placed on academic probation, s/he may remain on probation for only two (consecutive) terms. Should the Dean or Program Director place a student on academic probation, the student must abide by all deadlines set forth at that time.

Appeals

Students who wish to make an appeal may do so in writing to the appropriate Dean or Program Director. Students should also include Student Services at support@anaheim.edu. Appeals should be made within 7 days of receipt of notice of probation or dismissal. The appeal procedure is designed to deal with exceptional cases of a complex nature. It is not available to circumvent standard requirements (e.g., grades, grade point average, or examination standards). The Dean or Program Director is responsible for determining the timeline and procedures for the appeal and notifying the student in writing. During the appeals process, the Dean or Program Director also determines whether the student will be allowed to register for or attend classes or continue any activities reserved for students in good standing. The Dean or Program Director will make a final decision regarding the appeal and notify the student and Student Services in writing of the decision.

In the case that a student has been put on academic probation by the Dean/Program Director, the appeal will be transferred to the President of the University for review. In the case the President of the University feels the probation is unwarranted, the President has the right to override the Dean/Program Director's final decision. In the event that the Dean/Program Director or the President were in any way directly involved in the incident that led to the academic probation (e.g. teaching a course and issuing a failing grade to an individual that was then placed on academic probation), the case will be handed to the Board for review.

Residency Requirement and Distance Learning Timeline

Residential attendance is not required for students enrolled in the DBA in International Business, DBA in Sustainable Management, DBA in Entrepreneurship, DBA in Management, MBA in International Business, MBA in Sustainable Management, Master of Entrepreneurship, Diploma in International Business or Sustainable Management, or Certificate in International Business or Sustainable Management. The University offers these business courses in modules of six weeks. Course assignments are made available to enrolling students through the Internet.

The University offers its TESOL degree program courses (Doctor of Education (Ed.D.), Master of Arts (MA), Graduate Diploma in TESOL and Graduate TESOL Certificate) and MFA degree program courses in modules of nine weeks. Course assignments are made available to enrolling students through the Internet. Attendance at two three-day intensive online seminars is required for students enrolled in the Doctor of Education (Ed.D) in TESOL or the Master of Arts (MA) in TESOL degree programs. Attendance at one residential session, which will be held either in California or in another selected location, is required for students enrolled in the MFA program. Please see the residential session schedule on the University website for more information.

The TESOL Undergraduate program courses, and the TESOL Certificate and Teaching English to Young Learners Certificate programs are offered in modules of 15 weeks. Course assignments are made available to enrolling students through the Internet.

The computer plays a major part in Anaheim University's role as an online university by allowing an exchange of ideas among faculty and other students. One feature of the Internet-based curriculum is rapid feedback for academic activities.

Library

Anaheim University requires all of its students to make extensive use of library facilities and resources in the course of their program. The University's online resources provide a major boost in assisting and supporting a student's academic work. The login ID and password provided by the University to the student upon enrollment will provide the student access to the online resources.

Anaheim University makes certain provisions in order to provide access to library resources and library services for all students enrolled directly through Anaheim University. However, students enrolled in Anaheim University's online graduate degree programs are required to have an additional reserve fund to be used for the purchase of journals and research - materials that will aid them in their studies by providing information specific to their unique areas of interest and research - and to provide access to software and other resources that may help them in the completion of their studies. The research reserve fund is \$1,500 for master degree students and \$2,500 for doctoral students to be used over the duration of their program.

Note: Students are not required to spend the entire research fund - only that amount necessary in order to carry out their research. This research reserve is not paid to Anaheim University.

Inactive and Withdrawals

It is the responsibility of the student to inform Anaheim University of withdrawing or becoming inactive in a program. Failure to properly inform the University can require a new application and additional fees. The Official Notice of Withdrawal Form can be downloaded from the University website.

Learning or Other Disabilities

Anaheim University will make reasonable provision for students with learning or other disabilities that may otherwise prevent them from succeeding academically. The student will be required to submit appropriate documentation of the disability from a professional qualified to assess the nature and extent of the disability. The student submission will be reviewed by the appropriate Dean, and the decision documented in the student's file. All such documentation will be kept confidential. Appeals regarding disability related issues will be directed to the President.

Student Classification

Matriculated students are those who have been officially enrolled in the degree program, have passed two courses with a grade of B or higher, and are therefore considered degree candidates by the University.

AU Policies and Procedures

Notice Concerning Transferability of Units and Degrees Earned at our School

Anaheim University is accredited by the Distance Education Accrediting Commission (DEAC). The DEAC is listed by the U.S. Department of Education as a recognized accrediting agency and recognized by the Council for Higher Education Accreditation (CHEA).

The transferability of credits you earn at Anaheim University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree, diploma, or certificate earned at Anaheim University is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree, diploma, or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Anaheim University to determine if your credits or degree will transfer.

Treatment of Students, Staff and Faculty for Sexual Assault

Anaheim University is committed to creating and maintaining an academic environment dedicated to learning in which individuals are free of sexual harassment from colleagues, faculty, staff or students. The University condemns any conduct under the definition of sexual harassment or sexual assault and is prepared to respond immediately to any violation by taking action and/or correct any improper behavior. Sexual harassment can vary with particular circumstances. These can be described as unwelcome or offensive sexual advances, requests for sexual favors, unwanted or uninvited verbal suggestions or comments of a sexual nature, or objectionable physical contact carried out in the workplace or in the educational environment. Such behavior may offend the recipient, cause discomfort and humiliation, or interfere with work or learning. Coercive behavior, including suggestions that academic or employment rewards or reprisals will follow the granting or refusing of sexual favors, constitutes intolerable conduct. A single incident of this kind is sufficient grounds for investigation and may result in discipline and/or expulsion. Sexual assault has been defined to include rape, acquaintance rape, and other forms of forcible and non-forcible sex offenses. All such kinds of assault are absolutely intolerable. An allegation of such action is sufficient grounds for an investigation and may result in discipline and/or expulsion. All persons subjected to offensive sexual behavior shall pursue the matter through the established grievance procedure.

Non-Fraternization

When faculty and staff members interact with students, they are in a position of trust and power. These relationships cannot breach our ethical standards or jeopardize the effective functioning of the University by giving the appearance of either favoritism or unfairness in the exercise of professional judgment, access, or time. In developing relationships with students, faculty and staff members are expected to be aware of their professional responsibilities and to avoid perceived or actual conflict of interest, favoritism or bias. Accordingly, intimate relationships, even if consensual, are prohibited between a faculty or staff member and a student, if the faculty or staff member is in a position to exercise power or authority over the student in the way of teaching, grading, advising or otherwise supervising. Efforts by faculty and staff members to initiate such relationships also are expressly prohibited.

In the event such a relationship pre-exists the employee or student's tenure at Anaheim University, the involved employee shall report such relationship immediately to his or her supervisor, who shall take appropriate steps consistent with this policy, including the removal of any teaching, grading, advising, or similar relationships between the employee and the student. Allegations of harassing behavior must be reported to the Administrative Director. It is unlawful to take adverse actions against any member of the Anaheim community for filing a complaint of harassment or discrimination, or for cooperating in the investigation of such a complaint.

Attendance

Anaheim University students participate in a weekly discussion forum in which they must contribute regular substantive posts to the discussion questions. In addition, all degree students must participate in the scheduled Real-Time Online Classes for each course. Business courses include two online classes within the six-week term; students are expected to attend both sessions and must make arrangements with the professor for make-up work if they are unable to attend a session. TESOL and MFA degree courses include eight online classes within the nine-week term; students are expected to attend at least six of the sessions. Students are expected to utilize their webcams during their live classes regularly throughout their program. In addition to providing a more interactive learning environment, use of webcams will also allow Anaheim University to complete student identity verification in line with accreditation requirements. Periodically during the program, Anaheim University will request a student to turn on his/her webcam for this purpose. In addition to the assigned course assessments, students are graded on participation in the discussion forum and online classes. A student is considered to have dropped a course if s/he fails to attend classes for a three-week period or fails to submit three consecutive lessons.

Student Assessment

Students are graded on their submitted assignments and must demonstrate an understanding of the assigned readings as well as active participation in the Online Discussion Forum and weekly online class discussions. Students must also successfully complete a series of proctored examinations.

Proctored Examinations

All Anaheim University students must successfully complete a series of proctored examinations. The proctored examination may be offered in person, online or by webcam and may be in the form of an essay, multiple choice quiz, short answer, or true/false. Examinations will be timed. Proctored examinations may be administered as part of a scheduled study session or may be taken at a time mutually convenient to the proctor and the student within the parameters of relevant course dates. The proctored examination process is carefully monitored and all policies and procedures must be strictly followed. Students are responsible for selecting a proctor that meets criteria specified by the University. All proctors must be approved prior to the examination date. Anaheim University reserves the right to serve as a student's proctor when deemed necessary by the appropriate personnel.

The University courses are based upon a prescribed curriculum, and a student's time to complete any course of study will be based upon the time commitment set aside for this activity. All courses are designed to meet the equivalency of work that would take place within a traditional setting. All International Business, Sustainable Management or Entrepreneurship programs can be entered into every six weeks.

Graduate-level TESOL students and MFA students are required to attend one 90-minute real-time online class per week for each course, whereby the first 60 minutes of each class are taught by the course professor while the discussion for the remaining 30 minutes is led by that week's nominated student host. In the event that the University hosts a Guest Speaker, the first 60 minutes of the class will be led by the Speaker and the remaining 30 minutes will be led by the course professor; there is no additional student-led discussion. In addition, students are required to participate in weekly online discussions during their free time via the University Online Discussion Forum, which links professors and enrolled students. This format is supplemented by two 3-day Online Intensive Seminars which are mandatory for Doctor of Education (Ed.D.) in TESOL, and Master of Arts (MA) in TESOL students, and one 7-day residential session for the Master of Fine Arts (MFA) in Digital Filmmaking students, which are held in California or in another selected location. Policy on Academic Freedom

Anaheim University subscribes to the basic tenets of academic freedom: the freedom to teach, *Lehrfreiheit*, and the freedom to learn, *Lernfreiheit*. The freedom of University faculty to inquire, instruct, speak, and publish, contributes as much to

the benefit of their fellow citizens outside of the University, as to their own good and the good of the institution. Academic freedom is essential for excellence in education and moreover, exists so that society may have the benefits of objective and independent criticism, with honest answers to scientific, social and artistic questions that might otherwise be withheld for fear of contradicting a transient social attitude or offending an influential social group. Each faculty member holds a special place in the society to speak one's views. Such a strategic location embodies a high level of principle and responsibility. It is never easy to dissent and to advocate unpopular ideas, and is often a personal disadvantage to be so engaged. However, it is to the advantage of society to encourage thoughtful and responsible dissent and advocacy so that the society may be made aware of the full range of social, political and cultural choices available. Academic freedom is an individual choice and may or may not be supported by those within an institution. As a forum, the university does not take positions on issues. Individuals within the academic community are encouraged to voice opinions within their areas of expertise.

Anaheim University does not provide visa services but can provide a letter verifying a student's active status upon request. All formal grievances/complaints will receive a response within 10 days of the University receiving the complaint.

Professors may not engage in business ventures with students, either directly or indirectly, while a student is on active status with the University without prior approval from the President of the University.

Compulsory School Age

Anaheim University does not admit students attending high school or within compulsory school age without special written permission from the parent or legal guardian and Dean or Program Director.

Code of Conduct and Dismissal Policies

All students are required to adhere to the University's policies and procedures. In all classes taken at Anaheim University and in all transferable courses from other colleges and universities, the University expects students to maintain at least a 3.0 GPA. A student is subject to academic disqualification if his/her overall cumulative GPA or Anaheim University cumulative GPA remains below a 3.0 for two consecutive semesters. A student may appeal this situation to the appropriate Dean or Program Director for reinstatement. Current University policy states that a student may remain on academic probation for only two (consecutive) terms. Should the Dean or Program Director place a student on academic probation, students must abide by all deadlines set forth at that time. Students accused of cheating or plagiarism are entitled to and may petition the Dean or Program Director of the disciplinary unit for due process and review by an appropriate forum. Discovery of falsifying records is grounds for immediate dismissal and forfeiture of all financial payments and academic credits.
